Allowable Subject Matter

This communication is in response to applicant's Pre-Brief Conference request which is filed May 19, 2008.

The proposed amendment, filed April 21, 2008, has been entered and made of record. Claims 1-14 have been amended to more particularly point out and distinctly claim the invention.

1-6, 9-11 and 14 have been cancelled.

Applicant's amendment and argument with respect to the pending claims 7-8 and 12-13 filed May 19, 2008, places the application in condition for allowance.

Claims 7-8 and 12-13 are allowed as evident by applicant's amendment.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose or suggest a method which includes specifying first and second read ranges of IDs by one of a start value and an end value, and an exponent value which sets a size of a read range of IDs, where an end value E of a read range is calculated by the formula $E = S + 2^e - 1$ when the read range is specified by a start value S of the read range and an exponent value e.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nam V Nguyen whose telephone number is 571-272-3061. The examiner can normally be reached on Mon-Fri, 8:00AM - 5:00PM.
